- Web Development Program

SKILLS

Javascript | React | Redux | NodeJs | Express | SQL | OAuth | Sequelize | Bcrypt | AWS | CSS | SASS | Git | Github | Bootstrap | Postman | Postman | Heroku | HTML5 | Axios

PROFESSIONAL EXPERIENCE

Devmountain | Lehi, UT   *December 2021 - Current*
React Tech Lead
- Instructed and taught 60+ students the PERN stack via Discord/Zoom for understanding and comprehension, resulting in a final capstone project.
- Built and solved student exercise files with VS Code and submit them for pull requests into the company Github so students would have access to both class and functional component solutions.
- Hosted live coding interactives via ZOOM for students to see solutions to complex problems and ask questions, allowing further comprehension.

Success and Money Foundation | Orem, UT   *November 2021 - Current*
Javascript Consultant / SQL Consultant
- Consulted in custom solutions written in Javascript for a WordPress website.
- Maintained database and communications with our DOMO contacts for creation of database visuals.

Devmountain | Lehi, UT   *July 2021 - October 2021*
Web Developer / Software Engineer (student)
- Learned at an accelerated rate the languages of SQL, React, and Javascript.
- Developed a workout tracking application using React, Express, Node.js, and PostgresSQL.
- Assisted on 4 student capstone projects via pair-programming.

VASA Fitness | Orem, UT   *July 2018 - July 2021*
Fitness Team Lead / Sales Team Lead
- Managed teams of 3-8 in best practices for acquisition and retention of clientele and new members via weekly training, team meetings, and check-in SWOT analysis.
- Decreased client attrition by 60% in 3 months by providing training to personal trainers.
- Increased sales by 20% in 1 month by providing sales training and accountability to the sales team.
